AUTUMN. WINTER 2026.27

THE COLLECTION Autumn/Winter 2026/27

Made for explorers of all ages. Be inspired by concepts such as icy soft tones, natural & purple, warm tones & accents, and petrol & berry.

The new collection combines that little extra kick with simple naturalness.

Highlights include organic wool plush in a leopard print design, new checked patterns and classics in new colour combinations, as well as new jacket styles and hat designs waiting to be discovered. Sustainably designed, fairly produced and responsibly made. For our little ones, ourselves and our planet.

PURE PURE. ENJOY NATURE.
